Why are you interested?

I want everyone to feel safe at any burner event. I want everyone to be held accountable for their actions no matter what position of power they are in. Different people have different needs and we should be able to make those requests happen. No one should be talked down to or feel unwelcome.

Skills / Qualifications:

I've been bullied and harassed my entire life. I know what it feels like and I know what it looks like. I know what consent is and what it looks like when its broken. I'm really good at seeing opposing viewpoints even if i don't agree with them. I always listen and rarely assume anything about anyone. I'm a good moderator and teacher. I also don't really like talking about myself.

Personal interpretation of RAC purpose and priorities:

Hold everyone accountable for their actions, and conduct thorough unbiased investigations into reported transgressions. Give a voice to people who might not have been heard otherwise.

How do you plan to handle the emotional impact of receiving information about difficult cases involving your friends and community members?

Everyone needs to be held accountable. Everyone. I can separate my own personal emotions from a case for the council.

Honest assessment of the monthly time commitment:

I have lots of time. I'm not sure what the low or high end of the chart is. I could put in 10-20 hours a week. More or less if necessary.

Involvement with Burner groups:

Theme camps at Soak and Burning Man.

In conclusion:

I would love to help however i can. I'm going to be holding people accountable either way. I think I could be a good addition to the team and look forward to hearing back.
